

Air-Actuated Lifting Hook - 8,000 Lbs.

MLEP Part Number: D2723

Lift with more confidence

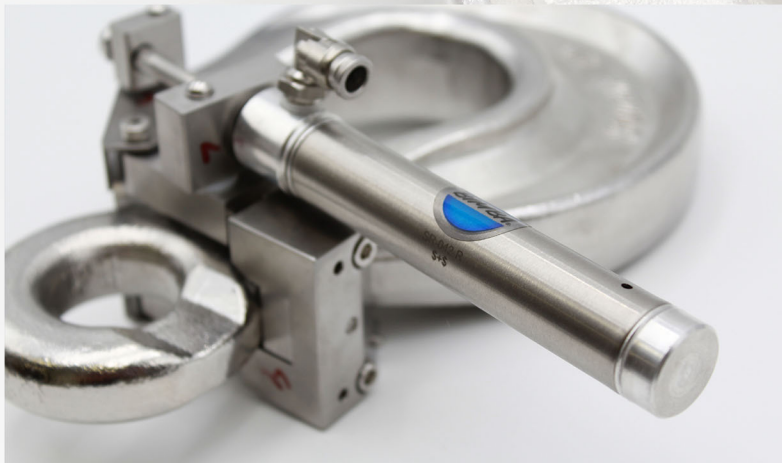

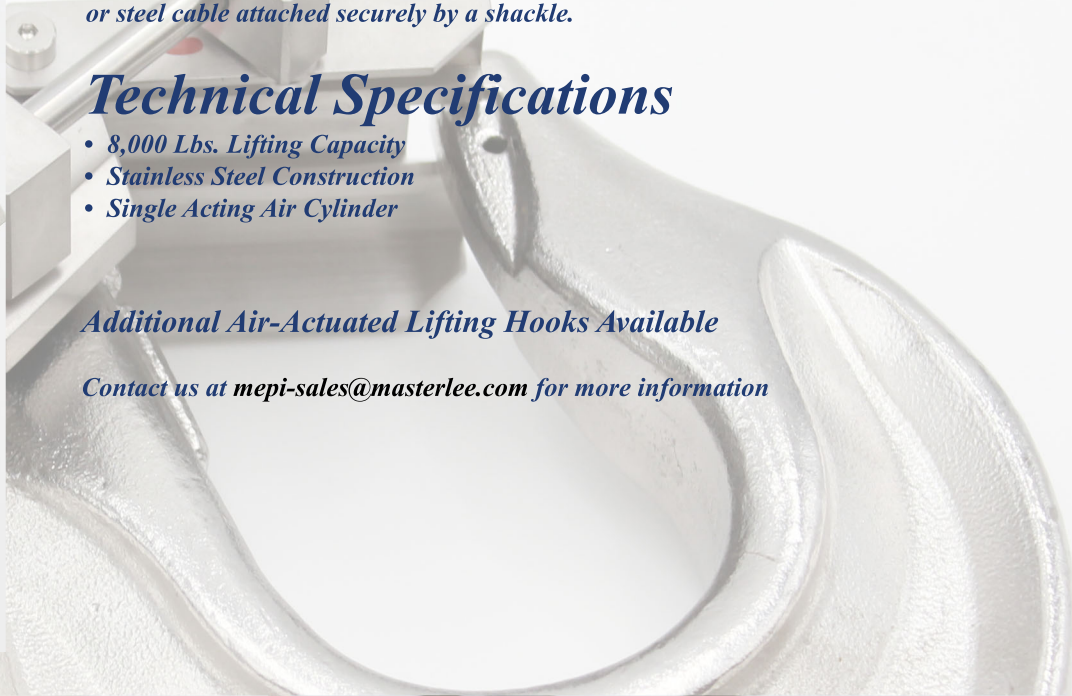

With safety and user-friendly operation in mind, Master-Lee Engineered Products would like to present the Large Air-Operated Lifting Hook. With a Working Load Limit of 8,000 lbs., this Lifting Hook give the user the ability to lift larger items. The user has the ability to utilize air to open the hook and then release, causing the spring load clasp to close, securing the item for movement. The Lifting Hook can be maneuvered by rope or steel cable attached securely by a shackle.

Technical Specifications

- *8,000 Lbs. Lifting Capacity*
- *Stainless Steel Construction*
- *Single Acting Air Cylinder*

Additional Air-Actuated Lifting Hooks Available
