

“Jaws of Life®” Cutting System

MLEP Part Number: D2981

Made for heavy duty cutting

For heavy duty jobs, MLEP has made available the “Jaws of Life®” style cutting system. Well suited for underwater cutting applications, this cutter is perfect for the most demanding of tasks.

Coupled to the powerful Electric-Hydraulic Pump, Master-Lee’s “Jaws of Life®” has the cutting force of 67,000 lbs., this tool easily cuts through conduit, bolts, sheet metal, pipe, and more. This power is transferred/supplied via UCON® Trident AW-32 hydraulic fluid, the most accepted brand in the industry use.

Attachable to the cutter is a heavy duty articulating wrist. The wrist enables the operator to connect to the Master-Lee Engineered Products AirGrips™ system AND to preset the cutter angle. Five positions are selectable on the wrist. An easy to use eccentric ball lock pin holds the wrist in position.

Technical Specifications

- Capable of 67,000 lbs. Cutting Force
- 9” Wide x 28” Long x 4” Thick
- Weights 32 Lbs.

System Includes:

- Electric Hydraulic Pump
- Control Valve Assembly
- 2 - 50’ Hydraulic Hose
- “Jaws of Life” Cutter Head
- Articulating Wrist
